## INTRODUCTION

Chaired by BCA, the Inter-Agency Coordinating Committee (IACC) comprises representatives from various building regulatory agencies (EMA, LTA, NEA, NParks, PUB, SCDF, URA), public sector developers (HDB, JTC) and industry associations (ACES, IES, REDAS, SCAL, SIA). The IACC primarily facilitates project teams to quickly resolve issues arising from conflicting regulatory requirements that may impede construction activities and reduce productivity.

## OBJECTIVE

The seminar provides a platform for Singapore's building regulatory agencies to share with industry practitioners on regulatory updates and future initiatives. Industry practitioners will also be able to seek clarification on current regulatory requirements, and understand how IACC can help to resolve conflicting policies implemented by the agencies.
