Where a Non-Member replaces a Member (must be from the same organisation) the fee difference will have to be made good to SIA prior to the event.

SYNOPSIS

Special Glasses In Architecture

The seminar is intended as an introduction to special glasses, and thus create more awareness of new possibilities in the use of glass in Architecture.

After a brief on the function of the various special glass types, their field of application will be shown through different projects executed in Germany, the United States and Asia.

PROFILE

Mr. I.R. Hoolsema

Mr. Hoolsema has an engineering background and is of Dutch origin. He has worked in Holland as a consultant prior to moving to Asia. He has spent 15 years in Indonesia, where he worked as a technical adviser for various elements in the building industry.

Working with SCHOTT AG for the past six years, he now heads the Competence Center for Special Glasses in South East Asia.

Based in Singapore he focuses on Architectural applications and is currently stationed in Singapore.
