Where a Non-Member replaces a Member (must be from the same organisation) the fee difference will have to be made good to SIA prior to the event.

SYNOPSIS

Tropo Architects has been designing buildings for the tropical climate for more than a quarter of a century. Times have changed since the early works. Despite the fact that sound climatic design responses developed in 1980 remain sound today, we find ourselves facing a new set of design problems. A changing society has revealed a whole new array of design constraints to which an appropriate response must be developed. Tropo Architects is now meeting this challenge in 5 states covering the length and breadth of the country.

PROFILE

Mr Geoff Clark

Geoff Clark commenced practice as an Architect in 1989 following world travel and study of various cultures and climates and their relation to the vernacular response in both an individual and a community sense. Freelancing and work with a number of Sydney based firms preceded his engagement by Tropo Architects Pty Ltd in 1994. In 1998 Tropo Architects (Queensland) became an entity in its own right, reflecting Geoff's commitment to the region.

Since his engagement by "Tropo" and following the "Darwin experience", Geoff was selected by Tropo to set up the Queensland office of Tropo Architects in Townsville in 1994 and has managed this practice since its inception. His particular design skills of lateral problem solving and "big picture" appreciation have been employed on a diversity of projects throughout Queensland, Northern Territory, New South Wales and as far afield as Malaysia. They have been applied to urban rural and remote projects varying in scale from large commercial ventures and city planning, to single room dwellings.

SINGAPORE INSTITUTE OF ARCHITECTS

Singapore Institute of Architects / BlueScope Lysaght (Singapore) jointly present

Environmental, Sustainable & Responsible Architecture – Design For Life: Climate, Ecology and Society

Friday, 23 June 2006

- 3.00pm Registration
- 3.30pm Welcome Remarks by Singapore Institute of Architects
- 3.35pm Environmental, Sustainable & Responsible Architecture – Design for Life: Climate, Ecology and Society - Session 1 *by Mr Geoff Clark*
- 4.15pm Coffee Break
- 4.45pm Environmental, Sustainable & Responsible Architecture – Design for Life: Climate, Ecology and Society - Session 2 *by Mr Geoff Clark*
- 5.30pm Questions & Answers
- 6.00pm Buffet Dinner

VENUE

**Furama Riverfront Singapore
Mars Room – Level 19
405 Havelock Road
Singapore 169633**
