SYNOPSIS

The followings will be presented in the seminar:-

- How paint performance can effect the design and aesthetic appearance of a building
- How can an architect benefit from the technology behind the paint system to enhance building design.
- Enhanced knowledge of paint contents
- Understanding the importance of paint in the construction industry
- Insightful details on how paint can support and enhance design and build of steel applications
- Learn the different ways of measuring paint performance
- Discover the flexibility and unique performance of Clean COLORBOND® paint system to suit your aesthetic design needs
- Durability of Clean COLORBOND® paint system for long lasting protection

SPEAKER'S PROFILE

Dr. Peter Riley

Dr. Peter Riley holds both a first class honours degree and a PhD in Chemistry from the University of Wollongong in Australia.

Dr. Peter has been involved in the steel industry since the late 1970s, beginning the journey of his career with BlueScope Steel's Port Kembla Steelworks. In 1991 Dr. Peter became fully involved in coatings research and was instrumental in leading our technical team that introduced resin coated ZINCALUME® steel to our product line in the mid 1990's. Subsequently to that he moved into "Blue Sky" research initiatives at the BlueScope labs, managing Research groups and worked in the coil coating business in the USA.

In early 2000 Dr. Peter left BlueScope to pursue a working opportunity with a major global coil coatings supplier where he was the Technical Director for their Australian operations. Thereafter he was promoted as the Regional Technical Director for coil coatings in Asia.

Dr. Peter joined back BlueScope Steel in 2004 to take up a role, leading our Regional marketing team. Dr. Peter returned to Australia in 2006 to manage BlueScope Steel's coating research programs. Currently, Dr. Peter is leading a team of 50 researchers who are developing the next generation of Clean COLORBOND® steel and ZINCALUME® steel technologies as well as providing product evaluation services for all of our BlueScope Steel businesses around the world.
