

## DETAILS

### Trithor Termite Protection - Three Ways Better Termite Protection – Tuesday, 07 October 2008

Seminar Fee:

SIA Member

\*Complimentary access

\* For SIA Members whose registrations have been confirmed, attendance is compulsory. Absentee/Cancellation after 05 October 2008 will be charged S\$20.00. Verbal notification of cancellation is not acceptable.

BOA/CIJC Member S\$ 35.00 (inclusive of GST)

Non-Member S\$ 45.00 (inclusive of GST)

Closing Date for Registration : **30 September 2008**

Enquiry (call Ms Jasmine Chan) Tel: (65) 6226 2668

Fax: (65) 6226 2663

## REGISTRATION

Name: \_\_\_\_\_  
(please underline Surname)

NRIC No: \_\_\_\_\_

Membership No: [ ] SIA \_\_\_\_\_

[ ] CIJC (Pls specify Institution) \_\_\_\_\_

[ ] BOA Reg No \_\_\_\_\_ [ ] Non-Member

Organisation: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_ S ( )

Tel: \_\_\_\_\_ Fax: \_\_\_\_\_

Email: \_\_\_\_\_

Contact Person: \_\_\_\_\_

Bank/Cheque No: \_\_\_\_\_ Amount S\$ \_\_\_\_\_

Please forward your registration form and crossed cheque payable to **"Singapore Institute of Architects"** before the closing date to:

Ms Jasmine Chan  
Singapore Institute of Architects  
79B Neil Road, Singapore 088904

Registration will be on a First-Come-First-Served basis and will be accepted upon receipt of registration form and payment to SIA. Registration by fax will only be confirmed upon receipt of payment.

Cheque payment for this activity should not be combined with payment for other SIA events/courses.

Fees paid are non-refundable under all circumstances. Replacement of participant will be allowed only if notification is made at least 7 days before the event.

Where a Non-Member replaces a Member (must be from the same organisation) the fee difference will have to be made good to SIA prior to the event.

## SYNOPSIS

### Unique Three-Way Termite Protection

Trithor Termite Protection is a unique Three-way Termite Defence System. Trithor is a fibre blanket, impregnated with deltamethrin and then laminated top and bottom with a rugged plastic membrane.

In Australia it is Codemark Accredited through the Australian Building Codes Board and a Housing Industry Association GreenSmart partner. Now Trithor is available in Singapore too.

1. Trithor is a PHYSICAL TERMITE BARRIER that protects your property by preventing the entry of termites. This is because termites can't get through the unique weave of the fibrous blanket incorporated in Trithor...

2. Plus, since Trithor also contains crystals of the highly potent termite control agent, deltamethrin, it REPELS termites, so termites are highly unlikely to even approach the barrier let alone pass through it.

3. And, since the deltamethrin in Trithor also KILLS termites fast, any particularly tough termite that might actually penetrate into the Trithor is quickly eliminated before it has any chance of entering your property.

### Learning Objectives

- Termite biology and behaviour
- Termite species and damage in Singapore.
- Protecting the water table.
- Protecting buildings from termites, benefits and limitations
- New concepts in termite management
- The use of the Trithor system and supplementary use of Exterra Termite Baiting for colony elimination.

### How Would Architects Benefit From Attendance?

They will learn about termites problems in Singapore, the importance of protecting buildings and new concepts in termite management.

SINGAPORE INSTITUTE OF ARCHITECTS

CPD  
PROGRAMME

Singapore Institute of Architects / PestBusters Pte Ltd  
Joint Seminar on

### Trithor Termite Protection - Three Ways Better Termite Protection

**Tuesday, 07 October 2008**

- 6.30pm Registration & Light Refreshment
- 7.00pm Welcome Address by Singapore Institute of Architects
- 7.05pm
- Termite Biology / Ecology
  - Termite species in Singapore
  - Trithor Termite Protection
  - Exterra Termite Baiting and Colony Elimination.
- by Mr Steve Broadbent from Australia
- 8.30pm Questions & Answers
- 9.00pm End

## VENUE

## **Steve Broadbent**

Steve Broadbent holds an honours degree in Applied Biology majoring in Entomology and Biocide Science. He also has a Certificate in Marketing from the University of Technology, Sydney and a Management Diploma from the Australian Management College in Victoria.

Steve worked as a government Research Entomologist in the United Kingdom before joining Rentokil in Australia as Technical Manager. He later spent nine years with Wellcome Australia where he launched their Environmental Health Products. Steve then spent eight years with RAPID Solutions, specialist insurers for urban and agricultural pest managers.

Steve is now the Technical Director for Ensystem in Australia, SE Asia, Africa and the Middle East. Steve is a respected authority on termite management and is often called upon as an expert witness. He has authored several peer reviewed scientific papers and has consulted on many major projects including the Sydney Olympic Village. He is a member of the UNESCO Termite Consultative Committee for the World Heritage listed Angkor Wat Temple complex in Cambodia. He is a regular speaker at Australian and International Conferences.
