One George Street
(Best Skyrise Greenery)

Project Info:

- 1) Firm: DCA Architects Pte Ltd & Skidmore, Owing & Merrill LLP (Collaborating Architect)
- 2) Landscape Architect: Sitetectonix Private Limited
- 3) Client / Developer: George Street Pte Ltd c/o Capitaland Commercial Project Management
- 4) Landscape Contractor: Scenic Landscape Pte Ltd

The choice of locating a void at the 5th level is a fantastic idea; it provides a commanding view of the Singapore river. This sky terrace reflected the "blue and green" from the river in its artful integration of indoor and outdoor landscape. The ground landscaping follows the same synergy, excelling in its attempt to relate to Hong Lim Green. This building makes a bold statement in the Singapore skyline. The judges particularly like the landscape design which avoided conventional rectangular geometry to feature smooth flowing lines. To be able to get that much landscape into a cubic building signifies a great use of space. Good use of water gel in the soil to keep it moist in the dry condition of the higher elevations.
