5.00pm	End

SIA Member	Complimentary
BOA Registered Architects/ CIJC Member	S$ 35.00
Non-Member	S$ 45.00

Registration on First-Come-First-Serve Basis

BOA-SIA CPD Accreditation   2 points

SYNOPSIS

SIA and Graphisoft are pleased to announce their collaboration and cooperation by offering a unique world's first : A BIM program designed specifically for small to medium sized architectural practices. The **GRAPHISOFT START BIM SUITE** is based on proven ArchiCAD technology especially tailored for the needs of small to medium sized architects including all necessary features to visualize the MEP components of a building along with rendering tools.

SIA and Graphisoft believe it is critical for architects who have not yet transitioned to full 3D BIM to be provided with a step by step path that works. With e-submission, Buildability Index and other requirements SIA is committed to providing its members and the AEC community in Singapore and beyond with the best architectural IFC compliant services.

This will be offered in a 3 part program over the next few months beginning with **START BIM SUITE** followed by **BIM ARCHITECTURAL PROFESSIONAL FOR TEAM WORK** and **BIM CONSTRUCTION IMPLEMENTATION**. This 3 part series sponsored by Graphisoft will include an entire suite of software, services and implementation to ensure SIA Members continue to be in compliance with BCA and also lead the world in services.

SPEAKERS PROFILE

Viktor Várkonyi

CEO Graphisoft

Viktor Várkonyi is the CEO of GRAPHISOFT. He is a seasoned industry professional who has spent almost two decades on the design of workflow solutions for ArchiCAD, a leading BIM solution for architects. He joined GRAPHISOFT in 1992 as a software engineer. He has continued to deliver breakthrough technologies, including a globally unique 3D editing environment for model-based design software in 1998. He has held various executive positions at GRAPHISOFT and most recently led the company's product development. Viktor holds a Master's Degree in Computer Science from the Budapest University of Technology and an MBA from Purdue University - Krannert School of Management

Stephan Langella

BIM Manager- Rice Daubney – Leading BIM Award Winner Architectural Firm from Australia

Stephan joined Rice Daubney in 2010 as Strategic BIM Manager. Prior this he worked in Vietnam with Atlas Industries as a BIM and Architectural Manager since June 2008. He has extensive knowledge and experience in the use of the software professionally dating back some 20 years. He has also lectured at University level and at professional conferences in Australia. Recent years have seen him working directly with the software industry as National Training Manager for Graphisoft Australia for 2 years and more recently as National Business Development Manager and Strategic Marketing with in the same company. This has given him broad exposure to some of the larger and more innovative practices utilising BIM in Australia and he will be sharing his experiences and successes in BIM adoption and implementation.

Robert Greenfield

Sales Director Asia Graphisoft

Robert H Greenfield has over twenty-five years of senior executive director level experience in the Asia Pacific region recently joined Graphisoft as the Director of Sales for the Asia region. He has been an executive involved in software development including the Asia Pacific Director for Revit pre and post acquisition by Autodesk. He has directed corporate acquisitions, divestitures, worldwide investment, global strategies, IP development and product commercialization for global markets. Robert has negotiated joint ventures and license agreements in China, USA, UK, Hong Kong. He earned his BSc from Eastern Michigan University and holds a Masters in International Management from the **Thunderbird School of Global Management in the USA.**
