4.45pm	Questions and Answers
5.00pm	End

*** 40 PC will be available to be shared by 1-2 person per PC in this hands-on workshop.*

SPEAKER

Soon Lay Kuan, has the experience in training and guiding both the architecture firms and institutes of higher learning in their BIM adoption journey. She is also spearheading the project in BCA to help the industry to transit from 2D CAD to 3D BIM e-submission for regulatory approval through CORENET. Lay Kuan is currently the Assistant Director of the Centre for Construction IT.

Lester Aguirre, is an Assistant BIM Manager for Crown Systems (S) Pte Ltd, an Autodesk Gold Partner and Autodesk Authorized Training Center. His area of expertise focuses on Architecture and Structure implementation. He is a Certified Autodesk Revit Professional, Autodesk Certified Implementation Expert and Autodesk Certified Instructor. Currently he leads a team that is one of the leading BIM professionals in Singapore with landmark projects in the housing and commercial developments.

Prior to joining Crown, Lester worked as a CAD Manager for Duotal Inc, a large scale off-shore CAD Production firm with clients in the US and Middle East. He was key in the implementation, adoption and deployment of BIM, including content and process development, BIM management, and interdisciplinary team coordination for the company and its clients.

Zait Ismail, graduated from Singapore Poly and has worked in several architectural firms in Singapore where he was actively involved in project documentation and eSubmission. He joined SIACAD Pte Ltd in 2000 and handles the support and training for a wide range of software solutions.

He has been involved with the development, training and support of both the 2D and BIM versions of Buildability Scores Computation.
