

# SIA Professional Knowledge Series: Green Deck, Green Roof, Green Wall

## 1st Topic by Holcim:

### **A perfect decoration in natural wood style**

#### **Synopsis:**

Innovative green architectural wood is an innovative and high quality eco-friendly wood replacement product that is produced through the implementation of green technology from Switzerland. It is a perfect substitute for the wood usage for home and building projects in different applications. It is as beautiful as a real wood, cost and time saving, termite free, saw-able, easy to be installed, 100% asbestos free, fire and weather resistant.

#### **Speaker:**

##### **Angie Fu, Product Manager**

Ms. Angie Fu is the Product Manager for Holcim Singapore's Architectural and Landscaping solutions. Groomed with 10 years of experience in building and construction industry, she is now specializing in innovative solutions, which includes Conwood Wood Replacement Solution. She has successfully proven the solutions' performance in Singapore through significant projects such as River Safari Theme Park and the upcoming Alexandra Hospital new building.

## 2nd Topic by Uniseal:

### **What Lies beneath – Green Roof and Green Wall**

#### **Synopsis:**

The seminar provides an overview of different types of green roof and green wall systems available in current market. The evolutionary of urban greenery in Singapore for the past decade has created vast opportunities for various urban greenery product developments and improvements. By peeling up the layers, the seminar reveal what lies beneath the beautiful green roofs and green walls in our urban landscape.

#### **Speaker:**

##### **Alan Tan, Director (Business Development)**

Alan Tan is the Director (Business Development) of Uniseal Creative Solutions Pte Ltd. He is passionate about aesthetic designs, urban greenery and green architecture. His is one of the pioneers of green roof and green wall market proliferation in Singapore, and has researched and developed sustainable system for green roofs and vertical green walls, in collaboration with industry partners.

With 25 years in the building and landscaping industry, Alan has a diversified background in business development, product management, marketing and channel partnership. He is an avid supporter of research initiatives by relevant government authorities such as National Parks Board on green roof, green wall and stormwater harvesting, as well as contributing his expertise to polytechnic students on their project work. Alan was an invited guest for the 4<sup>th</sup> ARCASIA Roundtable Conference on Sustainable Approach to Design and Construction and guest speaker at the TechnoForum on Sustainability on the topic 'Building Sustainability Thru Green Envelope' in Philippines, 2012.
