(Registration will start from 1.30pm onwards)
Venue : NTUC Centre Auditorium (Room 702)
No 1 Marina Boulevard, Level 7
One Marina Boulevard,
Singapore 018989
(Venue map: http://www.streetdirectory.com/sg/one-marina-boulevard/1-marina-boulevard-018989/6412_5.html)

REGISTRATION CLOSED

Since the Fire Code 2013 has taken effect in July 2013, this burning question of what's going on is always in the mind of many building professionals. Indeed, there is a strong need to get everyone up to speed on the changes in fire code requirements, to close the gap between building professionals and SCDF on the interpretation of fire code requirements, and to give everyone a heads-up on what's happening in Singapore's fire safety scene.

This seminar brings together 4 speakers, with many decades of architectural practice experience, to share their considerable knowledge of fire safety. They will speak on the update on changes in and detail explanation of the requirements of M&E systems set out in Chapter 6, 7 & 8 of the Fire Code 2013; highlight a selection of non-compliant items that surface regularly at FSSD Waivers Meetings and Fire Safety Plans Audits; share the insight on requirements of Fire Code 2013 with very significant impact on the site planning and the layout design of residential buildings; give a heads-up on the fire safety challenge of using Cross Laminated Timber (CLT), vertical green wall, LED media façade wall and solar photovoltaic façade wall of the next wave of buildings.

*Group Discount:

- SIA Members Group (5 paid + 1 FOC): \$600.00
- Non Members Group (5 paid + 1 FOC): \$1200.00

** Group Discount is not applicable with combination of SIA Members & Non Members within the same group*

** Group Discount is only valid for per registration submission*

** Replacement of each Non Member for SIA Member, additional of \$120 will be applicable*

SIA Event: FIRE SAFETY SEMINAR 2014

Fire Code 2013 : What's Up?

1st Presentation Topic "What Architects Need To Know – Chapter 6, 7 & 8" **Mdm Eng Yew Hoon** – Principal Architect of EZY Architects

Profile:

Mdm Eng is the principal architect of EZY architects and a Registered Inspector. She has been actively involved in SIA Regulation Codes & Standards Committee since 1993. Over the years, she represented SIA in many committees involving revision of various Codes such as Code of Practice for pollution control, revision of Building Control Regulations, CP26, CP72, Fire Code Review Committee for the Fire Code 2002-2007 and the latest release of Fire Code 2013. She has also invol

She is and is

REGISTRATION CLOSED

Attributed to her contribution in volunteer works in SCDF, she was awarded "SCDF Star Customer Award 2012" and conferred the Public Service Medal (PBM) in 2013.

Synopsis:

In year 2011, Mdm Eng had delivered in SIA seminar on "Determination of the need of M&E system" and received overwhelming response.

With the new release of Code 2013, she would like to update the changes and at the same time explain the requirements of Chapter 6, 7 & 8 in more details for the benefit of all practitioners.

Chapter 6, 7 & 8 are no longer written for the application by M&E engineers only, it is important for architect to understand the requirements and make the correct provision / endorsements in the FSSD BP plan submission for M&E engineers to follow up.

2nd Presentation Topic "Some Things Forgotten, Some Things New " **Dr Christopher Vickery Evert** – Managing Director of Architects Team 3 Pte Ltd

Profile:

Dr. Vickery will not be drawn on how long he has been in practice in Singapore, although he concedes to measurement of his professional life here in versions of the Fire Code. He notes that he has been in architectural practice in Singapore for a span of at least five versions of the Code. Meanwhile, his service as a member of the SIA Fire Safety and Security Committee has been marked by the introduction of two of those versions. He still has copies of them all – somewhere.

Synopsis:

This presentation will highlight a selection of non-compliant items that seem to surface regularly at waiver meetings and during audits. Some relate to requirements that have emerged for the first time with the Fire Code 2013 and apparently have yet to establish themselves in the consciousness of some QP's. Others are long-standing Fire Code requirements, but whose existence appear on occasion to have faded from memory. The presentation will serve as a timely reminder of these forgotten essentials.

EVENT DETAIL

GST REG. NO.: M9-0001281-J
G.N. No. 565 in Gazette No. 27

Seminar : FIRE SAFETY SEMINAR 2014 – Fire Code 2013: What's Up?
