

SIA Professional Knowledge Series:

- Ceramic Tile and Stone Installation
- Polished Concrete

ARDEX ENGINEERED CEMENTS is a Registered Provider with The American Institute of Architects Continuing Education Systems in USA for 10 years. In America, credit earned on completion of these programs will be reported to CES Records for AIA members. Certificates of Completion for non-AIA members also available on request. During the two hours events, we will be discussing on two focus :

Ceramic Tile and Stone Installation

The basic types and properties of ceramic tile, reviews various setting materials and waterproofing compounds, different installation types, various substrates to receive tile, and reviews the designing of joints.

Polished Concrete

The process of polishing standard concrete slabs and concrete topping materials. You will also learn about the history of polished concrete, the tools and equipment used during the process, the different methods available and the advantages of polished concrete floors.

Mary Gilson is the Manager of the ARDEX International Projects and Specification Services Department. She holds her M.B.A in Business Administration Specialization in Management from Seton Hill University (United
