

SIA SMAP Series #1 (rerun):

SIA Articles and Conditions of Contract for Minor Works 2012 (MWC 2012)

*In 1987, the Singapore Institute of Architects (SIA) published the Articles and Conditions of Building Contract for Minor Works, with reprints in 1991 and 1992, as SIA recognised the need to have a contract specifically for smaller or less complex projects. Since then there had been no review or revisions to the contract until 2011 when a comprehensive review was undertaken. After a review, drafting and feedback period from May 2011 to November 2012, the **SIA ARTICLES AND CONDITIONS OF CONTRACT for MINOR WORKS 2012 (MWC 2012)** was published in December 2012.*

This series of 5 seminars will cover all aspects of the MWC 2012. As the Architect is the only professional whose role as contract administrator is governed by statute, the aim of this series is to ensure Architects understand this role, and have the skill and knowledge to advise their Clients and administer the contract in a professional manner.
