

This Seminar aims to update members of SIA on the updated Green Mark scheme for Non-residential buildings – Green Mark 2015. Developed with extensive industry collaboration and 10 years of Green Mark, this version delivers:

- *A streamlined criteria that addresses sustainability in a more balanced and holistic manner*
- *Greater Emphasis – climatically contextual design, energy effectiveness, greater focus on health and wellbeing of building occupants, smart buildings, and a systematic approach to addressing embodied energy and resource use.*
- *Recognises the design process and encourages due processes to respond to site context which facilitates sustainability to be considered at the early project stages where there is the greatest opportunity for low cost, high reward options to be implemented.*
- *Green Mark itself becomes a design guide and accessible to professionals, students and the population at large · A collaborative framework– with 102 external industry members involved in its setting of metrics, assessment methods and performance level*
