What is Architectural Specifier Market (ASM)?

Co-organised by Singapore Institute of Architects (SIA) and TAC-Group Pte Ltd (TAC), the Architectural Specifier Market (ASM) is a 2 day Business to Business Matching Platform which allows the Building Specialists to arrange face to face meetings with participating Architecture Firms sourcing for their project's specifying needs.

This is the only architecture specific event which effectively allows business discussion in privacy under a pro business environment.

About the Co-Organisers

Singapore Institute of Architects (SIA)

The Singapore Institute of Architects (SIA) is a professional organization established in 1963 with the objective to promote the architectural profession and the built environment in Singapore. As the sole representative for architectural profession in Singapore, the institute's mission is to champion excellence in architecture and the built environment, with the vision to see Singapore as an Architecture Capital.

How It Works

- The event is open to maximum 100 participating building specialists companies with relevant products matching the project needs.
- Business to Business Platform – matching building specialists with architects for their coming project specifying needs
- Arc Suites – Each participating architecture firm will be stationed in specially curated Arc Suite to better facilitate the meeting with relevant building specialists. The suite is design to provide comfort with decent amount of privacy along with free flow of coffee, tea and wine. The room is also equipped with LED screen for presentation purposes by the specialists.
- 80 to 100 Architecture Firms with up and coming projects will be invited to partake in this event with total estimated project value exceeding \$200 million.
- Participating companies will be notify should they be accepted to partake in this programme.
- Maximum of 2 Representatives per company will be allowed for every purchase of the Access Pass.
- The access pass is non-transferable.
- The Building Specialists will be required to log into the B2B matching portal to request meetings with firms.
- The Architecture Firms are expected to accept the meeting request via the portal making reference to their project specification needs.
- Each meeting to last between 20 – 25 min with 5 mins to proceed to following meeting.
