

## Problem Statement Template

Problem Statement	
<b>Description of problem statement</b>  (State desired outcomes instead of prescriptive solutions.)	
<b>Background of problem</b>  (Challenges faced and inadequacies of current solutions.)	
<b>Expected Value/Benefits of the solution</b>  (Potential market/business opportunities? Other benefits?)	
<b>Requirements for desired solution/outcome</b>  (e.g. to integrate with existing system, standards)	
<b>Impact of the challenge</b>  (How does the solution benefit the wider sector market in terms of re-opening/recovery from COVID-19?)	
<b>Timeline for deployment</b>	
<b>Commitment Plan for commercialisation/adoption</b>  (e.g. pilot procurement budget)	
<b>Resources that can be offered</b>	

(e.g. test-sites, datasets,  
mentorship)
